All Residents

BICYCLE TAGGING EXERCISE

It has been observed that more and more bicycles are not parking at the designated bicycle locations. Some bicycles are chained to the common area service pipes &/or parked at the common areas causing obstruction to the parking lots and passenger walk ways in the car park.

The management is conducting a bicycle tagging exercise to eradicate unauthorised parking and tidy up to give space for current users. We would like to remind all residents / occupiers to park their bicycles appropriately at the designated locations. **TAKE NOTE that a bicycle tag is required to be tagged on all residents' bicycles. Please register your bicycle with the management office during office hour by 31 January 2017.**

LOCATION	BLK	NEAR LOT NO.	LOCATION	BLK	NEAR LOT NO.
L1	15	8H	B2	9	40
L1	17	289	B2	BEHIND RAMP	167
B2	1	269	B2	11	27
B2	3	285 & 291	B2	15	56 & 79
B2	5	326	B2	17	343
B2	7	152-165			

Parking of bicycles will be first come first served basis. (More bicycle racks are available at basement 2). No reservation is permitted. Due to limited bicycle racks, tricycles for toddlers and baby's pram should be kept inside your home. Please do not place them at the common corridor door / stairways.

Kindly ensure that your bicycles are chained / locked as the management shall not be responsible for any loss of contents / liability / damages arising from any incidents on site. Thank you.

For and on behalf of MCST Plan No 4409
